

School Based Dental Home Program

Tentative Calendar 2023-2024

This program provides educational presentations, personalized brushing instructions, screenings, sealant placements, fluoride treatments, and follow-ups for all students. Our primary focus is on increasing awareness and access to dental homes for priority population groups and helping to address the health disparities in our community.

- Screening and fluoride treatment for pre-k students
- Oral hygiene presentations for kindergarteners
- Dental sealant placement for grades 1-3

Students in other grades who do not have a dental provider and need screening for an urgent need may also participate in the program.

School	Phone	Start	End	Second Screening
Massena-Trinity	315-769-5911	09/11/2023	09/13/2023	03/18/2024
